

# More Resources for Articulate Engage users

Here are some things you can take a look at if you want to dig a little deeper into some of the stuff we covered:

- [Tutorials & other resources on getting started with Articulate Engage](#)
- [Demos of each Engage interaction type](#)
- [More cool examples of Engage: Prometheus Ergonomics course](#) (see especially slides 11 through 15)
- [Three creative ways to use an Engage Labeled Graphic](#)
- [Download some Engage community interaction types, built by folks in the Articulate community](#)
- [Building a knowledge-check with an Articulate Engage \(demo of a Tabs interaction\)](#)
- [Using PowerPoint to build your own graphics that you can use in Engage](#)
- [The Microsoft clip art library](#)
- [Little known ways to create your own graphics using PowerPoint](#)
- [Using the screen capture tool in PowerPoint 2010](#)
- [Adding an Engage interaction to a course you build with Presenter](#)

Good luck & don't hesitate to reach out via the [Articulate Community Forums](#) if you need help or guidance — it's the perfect place to ask questions, get feedback on your projects, and pick up great tips!
